Press Note.

HEALTH OF LIVE-STOCK DURING MAY 1950.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Anthrax, Foot and Mouth, Hæmorrhagic-septicæmia, Sheep-pox, Contagious-goat-pleuro-pheumonia and Rabies were encountered in the State during May 1950. Rinderpest was encountered in Hosanagar and Shikarpur Taluks of Shimoga District. Altogether 296 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 279 villages during the previous month. The number of outbreaks was highest in Kolar, Bangalore and Mysore Districts while Hassan, Shimoga and Chikmagalur Districts were least affected. These diseases accounted for 1,029, attacks of which 609 succumbed, as against 1,751 attacks and 787 deaths during the previous month.

The Departmental staff undertook 29,714 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease, as against 28,725 inoculations and vaccinations during the previous month. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Diseases caused by internal parasites were reported from 184 villages resulting in 101 deaths, as against 136 villages accounting for 69 deaths during the previous month. The special staff attached to the Parasitic disease control units and the Sheep Breeders' Associations of the Department dosed 11,301 animals, as against 11,189 animals during the previous month.

The rest of the Live-stock remained free from diseases during the month and fodder and water were generally available throughout the State.

Press Note.

The Hon. Sri K. C. Reddy, Chief Minister, will be absent from Headquarters during the month of July since he has to undergo medical treatment at Trichur which enjoins complete rest and abstaining from any kind of work. During this period, the Hon. Minister for Finance and Industries will be in charge of the current duties of the Hon. the Chief Minister.

Press Note.

Important issues relating to the selection of candidates for Technical and Vocational Training and the Courses to be prescribed for such training were discussed at a meeting held in the chambers of the Minister for Law and Labour at the Mysore Secretariat on the 26th June. The meeting was attended by Janab Abdul Quadir, Regional Director of Resettlement and Employment, Madras, Mr. Pedersen, Chief of the Asian Field Office on Technical Training, I.L.O., and officers of the Mysore Labour Department. The Financial and Law Secretaries to Government, the Director of Industries and Commerce in Mysore, the Superintendent of the Occupational Institute at Bangalore and the Deputy Director of Resettlement and Employment in Mysore, were also present.

The Regional Director explained the general scheme of training as approved by the Government of India and the details of courses of study as proposed for adoption during the next two years. The Hon. Minister suggested that Power-loom Industry be included in the list of subjects to be taught and that arrangements be made for providing training for women in subjects like Cane-weaving, Coir-matting, etc.

About 350 candidates from Mysore State are expected to benefit by this Scheme. Training will be imparted, to begin with, partly at the Jalhalli Training Centre near Bangalore and partly at the Indian Institute of Science. By the end of the calendar year it is proposed to locate the entire Training Centre in the buildings now occupied by the Central Industrial Workshop, near the Mysore Secretariat. The total cost of the Scheme is estimated to be about Rs. 1,67,500 per annum, which the Central Government and the State Government have agreed to meet in the proportion of 3 and 2.

Two suggestions made by Mr. Pedersen, that each important industrial concern might, as in U.S.A. and U.K., run its own special training classes in the evenings, and that regular Apprenticeship Courses, spread over a reasonably long period, might be prescribed for each job, were referred to the Director of Industries and Commerce in Mysore, and the Commissioner of Labour respectively for examination and report.

Press Note.

As a measure of relief to the atchkatdars who have suffered on account of the failure of wet crops under the atchkats of Mallakere and Turuvekere Amanikere tanks in Turuvekere Taluk, owing to inadequate supply of water to the said tanks due to scanty rains during 1949-50, seasonal remission of half wet assessment amounting

to about Rs. 2,900 is sanctioned in respect of 1364 acres of atchkat lands under the said two tanks for the year 1949-50.

Press Note.

RINDERPEST IN THE STATE.

After a period of nearly seven years since the last widespread ravage of Rinderpest disease in the State, reports of this disease are being registered since October, 1949. From October 1949 to February 1950 of the last official year, as many as 17 outbreaks of the disease were registered in the Districts of Hassan (Belur, Arkalgud, Alur and Saklespur Taluks), Chitaldrug (Holalkere and Hosadurga Taluks) and Chikmagalur (Chikmagalur Taluk), recording a total number of 264 attacks and 141 deaths from all the outbreaks. As a result of stringent control measures adopted by the Department, whose staff visited all the infected villages and their neighbourhood promptly and inoculated 5,449 cattle in the 17 infected villages and 7,914 cattle in as many as 37 uninfected villages in the immediate neighbourhood of the infected ones, the disease was nipped in the bud as and where it occurred, although there was every indication of the infection assuming the role of a major wave which is now due.

During the current official year, the disease made its reappearance in the State during the month of May and to date, as many as 15 outbreaks have already been registered with a total number of 194 attacks and 107 deaths from all the outbreaks, the infection being confined at present to the Districts of Shimoga (Hosanagar, Shikaripur and Channagiri Taluks), Chitaldrug (Davangere and Haribar Taluks) and Hassan (Hassan Taluk). The Department has already taken necessary preventive measures both in infected villages and their immediate neighbourhood with a view to checking the spread of the disease to the rest of the State and despite the dearth of qualified hands, special staff have been posted to these districts from the disease-free areas of the same and other districts. As many as 6939 inoculations have already been undertaken in all the infected villages apart from protecting 8693 cattle in 39 disease-free villages of the immediate neighbourhood, with a view to checking any spread of the infection to the rest of the State and further inoculation work is being continued. The District Magistrates have prohibited the gathering of cattle in the important cattle shandies in the infected areas as also the movement of cattle from infected villages. With the preventive measures already adopted and being continued, the disease appears to be already well under control and it is hoped that the infection will not spread to other areas.

As the conservation of cattle wealth is of the greatest importance especially now when every endeavour is being made by Government to increase food production, the public are requested to co-operate with the staff of the Animal Husbandry Department in their efforts at controlling the present outbreaks and their further spread by promptly reporting to the departmental representatives in the Hoblis, Taluks or Districts, all contagious diseases of cattle and by getting them all inoculated with the least possible delay.

All inoculations are being undertaken free of cost, and the public are hereby informed that no remuneration of any kind need be paid to the departmental staff for the purpose.

(P.N. No. 77—D. 1-7-1950—7,701-800).

Press Note.

In view of the delayed rains in the Taluks of Gundlupet and Chamarajanagar, scarcity of fodder is felt and the Government are, therefore, pleased to throw open the State Forest of Mule-Hole Budipadaga and other adjoining State Forests for free grazing and free removal of cut grass by carts until further orders.
